

# Show You Care – Share Positive Art Notes

13-year-old Liem Kaplan, runs **The Giving Hope Project** out of his house in Sammamish. Each week with the help of donations, he assembles care packages of food and supplies and hand-delivers them to the homeless and underserved in our area.

On each bag, he sticks a “**Love Note**” to show appreciation and cheer up those in need. His organization could use kids and adult art and messages on index cards (3x5 or 4x6).

## PARTICIPATION IS OPTIONAL

Simply drop one or more handwritten/hand-drawn index cards with positive messages and art in the box below.

Do not include your student’s name or personal information on the cards.

Feel free to take some blank index cards in case you do not have any at home.
